

Discover Ancient Civilizations

About the course

During the course we will take a look at several ancient civilizations and discuss how people lived in them and what they built. We will look at slides on PowerPoint, watch DVDs, read short articles and have discussions together. The lessons will be in English, so students who are interested in the course should have a **good level** of spoken English. The course is worth 2 CREDITS, but **ONLY APPLY IF YOU ARE REALLY INTERESTED.**

Syllabus

General Overview of Prehistory / Early Neolithic Buildings / Megaliths and Scara Brae / The Early Civilizations of Mesopotamia / Life in Ancient Egypt / Sneferu and the First Pyramids / Autopsy of an Egyptian mummy / The Achievements of Ancient Greece / The Iron Age in Europe / Roman Building and Engineering

If you want to take the course you **must** come and see me for a short interview before the start of the semester!!
